

# STARTING A JUNIOR MQG

## PURPOSE

The Junior MQG membership exists to provide access to MQG member resources at a lower cost, increasing accessibility for students to learn about modern quilting. Junior MQG members should be under 18 years of age. Junior MQG leaders may be teachers, parents, or other mentors.

## COST

\$75/yearly membership with an unlimited number of member profiles

## BENEFITS

Each member of a Junior MQG will have standard MQG member access. This includes over 100 webinars, over 100 quilt and block patterns, three seasons of Fresh Quilting, and 100 articles and counting! Junior guild activities using MQG resources are at the discretion and organization of each guild's leadership.

## TO JOIN

Visit the MQG home page and click the link to Start a Junior MQG from the Join menu to register your new Junior MQG. If, as the adult leading the group, you already have an MQG membership, be sure to use a new email address for registering this Junior MQG.

The name of your Junior MQG should follow the standard MQG naming convention: "Geographic Descriptor" + Junior Modern Quilt Guild. For example: Colorado River Junior MQG, Travis County Junior MQG, Dallas Junior MQG.

Annual dues are \$75. Due to their very low cost, dues for Junior MQGs are not pro-rated throughout the year. Junior guilds may add and remove members as needed throughout the calendar year.
